Issue 4, 1951

FIFTH ELECTS HICKIN, JOHNSON, WERTH, H., ROTH, HILL, PRAEFECTS

On the night of Friday, May 25, the Fifth Form assembled in the auditorium to elect its officers for the coming year. The results—Mac Hickin, President (re-elected); Willie Johnson, Vice-president (re-elected); and Herndon Werth, Secretary-Treasurer. In addition, Roth and Hill were chosen as fourth and fifth praefects.

President Hickin first came to S.A.S. as a Second Former in the fall of '47. Through that year and the next, he served as Vice-President of the Form, thereafter as President. Athletically, he has been a success in all he has tried, especially in wrestling—he is next year's captain—and crew—he rowed three on the National Championship Second Boat. He is also a Noxontowner. As to marks, Mac has been a consistent Honor-grouper. In spare time, he is a member of the Choir and of the Rifle Club and is the Business Manager of this paper.

Willie Johnson's record here has been exceptional ever since he came (47). He was President whenever Hickin wasn't, Vice-president the rest of the time. In athletics his record has been phenomenal. Jumps from junior six-man football to Varsity and from wrestling to Varsity Basketball he accomplished with seeming ease. He is a two-letter man in both sports and, naturally, a Noxontowner. Scholastically, Willie is a consistent first and second-grouper.

(Continued on page 2)

HISTORY PUPILS PLAY POLITICS

At a U. S. History meeting on Thursday, April 28, Mr. Hillier inaugurated S.A.S.'s first experiment in practical politics. He appointed two committees of six each to organize Red and White parties, which were to nominate candidates for the office of Mayor of Noxontown and for three Councilmen.

The White party, its original committee composed of Hall Downes, chairman, Hume Horan, Eric Ward, Leslie Smith, and Fred Starr, held its convention in the auditorium Sunday morning, May 6, nominating Mac Hickin for Mayor with Dave Guthrie, Herndon Werth, and Hugh Cannon running for the Council.

At the Red party convention held the same afternoon in the auditorium, the Reds, with their original committee comprised of Bob Auersch, chairman, Jack Fiedler, Bill Whitehead, Dave Lindsay, Skip Hartman, and Dan Trimper, nominated Dave Scherer for Mayor, with Julien LeCompte, Charles Pickett, and Tim Ralston for Councilmen.

Each party was given four controversial issues—the preservation of Fourth Form-controlled cheerleading, the advis-

W. HOLLINGSWORTH WHYTE TO BE GUEST SPEAKER AT EIGHTEENTH COMMENCEMENT

SECOND BOAT TAKES JUNIOR NATIONALS

After a fair season of nine wins and seven defeats as a result of the combined efforts of Coach Vorhees' first and second varsity fours, the St. Andrew's oarsmen staged a final push to take the National Junior Championship on the Schuylkill River on May twenty-sixth.

The second boat rowed the mile race against a strong headwind in six minutes and sixteen seconds to edge out a favored Lower Merion crew which had defeated the crew the week before in the King's Cup Regatta.

The second boat, made up of Carter Werth, bow, Charles Pickett, two, Mack Hickin, three, Norman Smith, stroke, and David Bryan, coxswain, came from behind to rack up a three length margin on the Lower Merion four, and in doing so also defeated West Catholic and LaSalle High Schools of Philadelphia, and Canisius High of Buffalo. In the preliminaries on the day before, the St. Andrew's boat had also defeated Nutley and Benett High Schools.

After the race, an official jokingly called the aluminum topped boat from St. Andrew's "Old Ironsides." The crew immediately adopted the name and has now had it painted on the side of the shell.

Hall Downes, of Bogota, Colombia To Give Valedictory for '51

A St. Andrew's alumnus, W. Hollingsworth Whyte, assistant editor of *Fortune Magazine*, will be the guest speaker at the Eighteenth Annual Commencement Exercises to be held here on June ninth. Hall Downes of Bogota, Colombia, will deliver the valedictory. Thirty-six members of the senior class may receive diplomas.

Holly Whyte, a charter member of St. Andrew's and a graduate of Princeton, is at present assistant editor of *Fortune Magazine*. In 1949, he received the Alumni Award for outstanding public service, and a year later he was elected to serve on the Board of Trustees.

During World War II, Mr. Whyte served as a lieutenant in the U. S. Marine Corps.

While at SAS, Mr. Whyte distinguished himself in many ways. He was editor of this paper, bow oar on the first eight, and author, producer, director, and principal

FIFTH FORM DELIGHTED BY CHAMBERS BAND

Fifth Form Frolic Delights Everyone Rivers Chambers Five Sensational

Fifty-five girls attended one of the most successful of all St. Andrew's dances, held over the weekend of May 12.

The weekend officially began after classes on Saturday. It actually began when the girls arrived via Big Red after lunch. The afternoon was occupied with a full sports-schedule—a crew race with Nutley High School, a tennis match with Westtown Friends, and a baseball game against McDonough. The weather during the afternoon was cold and cloudy, but all events were well attended.

Iced tea and cakes were served in the Common room at five o'clock to our guests. The buffet dinner was held in the Quadrangle despite threatening weather.

The dance itself was cleverly planned around the motif of Paris in the Spring. The most striking feature of design was the Harned-painted canvas which hung over the mural at the end of the dining room. Painted on the canvas were various scenes of Paris. The Arc de Triomphe framed the door, while at the extreme left was a stocky Freshman enjoying himself at a sidewalk cafe. The right side held pictures of the Eiffel Tower, the Notre Dame Cathedral, some typical French buildings, and a flower cart in the foreground.

The Renaissance

The *Cardinal* notes with pleasure the rebirth of interest in School Meetings this term. Two of them have been almost entirely devoted to a discussion of the Honor Code, with the result that a representative committee looking into and commenting upon the Code.

The recommendations of the committee were limited to two, one being a proposed amendment to the effect that *any* boy (be he the accused or not) who felt a decision of the Honor Committee to be grossly unjust, could appeal the case to a School Meeting.

Although the *Cardinal* is glad to see that action was taken, it cannot see why such a measure as the proposed should be

(Continued on page 6)

DANCE, cont'd from p. 1

The hit of the dance was Rivers Chambers' band from Baltimore. This five-piece orchestra played such music as has been unexcelled at any previous S.A.S. dance. The band had a greatly varied repertoire and made continual use of it, except for one short intermission. In place of the many intermissions usually taken by other bands, this one played specialties, often asking the audience to join in singing.

On Sunday morning, the whole school attended the eleven o'clock Communion service, and at dinner Mr. Pell ended the weekend with these words—

"Paris au printemps! What a wonderful evening it was! With Vic Harned's convincing backdrop one was truly in Paris. And Rivers Chambers—quelle orchestre superbe! A la Cinquieme Forme et a tout-le-monde que a faire cette danse un success absolument fou, merci mille fois!

"Et enfin, quelles belles jeunes filles, si gaies, si joyeuses! What a joy it has been to have you here this weekend! How sorry we shall be to see Le Grand Rouge roll out at 2:30! We hope you have had as happy a time as we, and will come again tres bientôt. Et alors, au revoirs, au revoirs!"

White's Words of Wisdom Marked Well by Audience

On April thirtieth, Bob White of the Class of '41, paid the School a visit and addressed the Fifth and Sixth Forms on the subject of success in life.

His broad subject he divided into four answers to the following four questions—Why should you go to college? What should you major in? What is industry looking for? What should you expect from a job?

Skipping the usual stereotyped reasons for going to college, Bob gave an account of an interview with the Senior Vice-president of the Du Pont Company. The latter stated that thirty-six out of the thirty-eight top executives of the Company are college men; as for the other two, it will never happen again. Bob pitied those boys who were depending solely on getting into their father's business, for if that business failed for any reason, those boys would be stranded.

As to the individual's major, he said that if your mind's made up, fine! Still, there's plenty of time to decide. In making the decision, though, all advice should be weighed and analyzed with care. Masters and parents are, with all respect, somewhat biased in their opinions, so you shouldn't move into a subject you've no inclination for, solely on their advice.

After the decision has been reached, don't wrap up entirely in specialties. Industry doesn't care as much what you take as how much you care. A talent scout was once looking for a writer for his magazine. His comment on those who had taken years of journalism—"They know too much. Too hard to unlearn 'em." Instead, emphasis was placed on such qualities as leadership, responsibility, affability, and the will to learn as evidenced mainly through extra-curricular activities. Good grades help, of course.

After all this, though, what *should* you expect from your job? Too many believe that job benefits are the deciding factors exclusive of all others. True, benefits should be considered, but personal happiness and the knowledge of doing a good job well should be the final criterions. With the words, "Choose your business with your heart, not your head," Bob ended his speech amid great and sincerely grateful applause.

GRADUATION, cont'd from p. 1

actor in all the several presentations of "Meaning No Offense" staged here during his stay. He has since written "We Riley's," which has also been performed here.

Hall Downes, who came to St. Andrew's in his Second Form year, has also distinguished himself in many ways. He is a consistent first and second-grouper, and this year he has been editor of *The Andrean*, president of the Science Club, chairman of the Debating Society, and the School's Student Librarian.

The Eighteenth Annual Commencement will begin at eleven o'clock on June ninth with the formation of the academic

(Continued on page 6)

Three Clergymen Honor SAS

BISHOP TSU

On Wednesday, April 25, the Right Reverend Yu-Yue Tsu, Assistant Bishop of South China, delivered a sermon in Evening Chapel on the use of one's hands for God's work. In making his point, he talked mainly about his early experiences in the East, where as a missionary he had had his first parish, and then gave accounts of his encounters with American G.I.'s along the Burma Road during the War.

DOCTOR HART

The Reverend Dr. John R. Hart, since 1937 Rector of the Washington Memorial Chapel at Valley Forge, Pa., addressed the School on Sunday, April 15.

Dr. Hart has three degrees, including a Ph.D. from the University of Pennsylvania, and is also a graduate of the Philadelphia Divinity School.

During his long ministry, Dr. Hart has been Chaplain of the University of Pennsylvania, Assistant Chaplain at the U. S. Military Academy, a missionary, a lecturer, and a consulting psychologist.

As Rector of the famous and historic Chapel at Valley Forge he is one of the best-known and best-loved priests of the Episcopal Church, and his moving sermon on sportsmanship will be long remembered at St. Andrew's School.

REVEREND KELLER

On Sunday, May 20, the Reverend Christoph Keller visited the School. Reverend Keller is an old friend of St. Andrew's in more than one way, as he is the father of Patterson Keller of the class of '49 and has given several sermons here in the last three years.

His text this time consisted of four words: "There is a River." He then proceeded to compare the strength of God to that of the River.

Reverend Keller, who is now retired, has been a missionary among the Indians, Rector of Trinity Church in Highland Park, Illinois, and most recently Rector of Christ's Church in St. Michael's Maryland.

NEW PRAEFECTS, cont'd from p. 1

Herndon Werth came in the fall of '49, and was elected Secretary that winter. He has been Secretary ever since. He is usually an honor-grouper, who finds time on the side to be a leader in extra-curricular activities—Secretary-Treasurer of both the Yacht and Criss Cross Clubs, a co-star of the latter's most recent production, and a member of the Riding Club.

Ted Hill arrived here also in the fall of '49, and was vice-president for the Winter Term. He generally averages about a third or fourth group and is connected with the Choir and the Library Staff. This year he has been a member of three Varsity squads, football, basketball, and crew.

Henry Roth is a newcomer to SAS and has distinguished himself scholastically as a third and second-grouper and athletically as a numeral-winner in both football and basketball and as a Varsity baseball squad member.

ALUMNI NEWS

CLASS OF 1934

Larry Kirkland's second son, Douglas, was born on January 10, 1950, and daughter Julia arrived on February 2, 1951.

Eddie Trippe is teaching the 4A Class in the Church School of St. Luke's, Montclair, N. J.

CLASS OF 1936

Ed Swenson is president of the Investment Association of New York.

CLASS OF 1937

Findley Burns who has finished his special courses at Harvard will be stationed in Vienna with the Department of State.

CLASS OF 1938

Frank Bate was married on May 5, 1951 to Joan Dexter Ramos at the Cathedral of San Juan, Puerto Rico.

Kib Gorden is working with the Armstrong Cork Company of New York City.

Bill Maccoun is living at 600 N. Second Street, Harrisburg, Pa.

CLASS OF 1939

Larry Johnson is in the Army with the 4th Infantry Division at Fort Benning, Ga.

Jesse Nalle was married on April 1 to Miss Alice Scott of Richmond, Va. Among the ushers at the wedding were the following St. Andreans: Pete Nalle '41, Larry Johnson '39, Mike Mitchell '39, Bill Clark '39.

CLASS OF 1940

Pete Brown is a warden of the Associate Vestry of the Church of the Heavenly Rest, New York City; was sworn in in May as Assistant Counsel to the New York Crime commission and special Assistant Attorney General. He is on leave of absence from his law firm.

"T" Canby was married to Mary Ruth Young on March 22, 1951.

John Clarke, announces the birth of Cynthia Elizabeth on May 1, 1951.

Frank Pilling will be married on June 9th to Miss Frances Lee.

Joe Truesdale has brought back his wife and three children to Wilmington where he is working with Piasecki Helicopter Corporation.

CLASS OF 1941

Bill Van Leer is active in the work of St. James Church, New York City. Bob Whyte announces the birth of his second son, Samuel Souder on Nov. 28, 1950.

CLASS OF 1942

Steve Parry who was wounded severely in Korea has returned to his home in Philadelphia. He is in good health except for his right hand which was injured by shrapnel and which he hopes will be healed in a few months.

CLASS OF 1943

John Alden, who has been working in Boston, has been recalled to active duty in the Navy.

Ned Echeverria has returned from

Guatemala and is a member of the Planning Board of the City of Passaic, N. J.

CLASS OF 1944

Bill Davis writes from the Webb School in California that he enjoys teaching very much and plans to continue, with some time out for graduate work. He has been teaching 8th and 9th grade English, 8th grade math and a one-period-a-week Bible course for the 9th, 10th, and 11th grades.

CLASS OF 1945

Jim Bacon who graduates from the Naval Academy in June will be married in New York on June 20th to Sallie F. Perlee of that city.

Sandy Beard hopes to receive an early commission leading to small plane flying.

Bill Hearn did not return to Navy Service, as reported in the last issue of the *Cardinal*, but in March was elected President of the Student Government Association of the University of Delaware.

Gattie Jones is a corrosion engineer for the Arkansas Natural Gas Company, working in the Arkansas, Louisiana and Texas area.

Lev Lynch, who is in his last year at the University of Penn., expects to be married in mid-September.

Bill MacDonald made the Dean's List at Trinity for the first semester of the current academic year.

Alf Parsons' engagement was announced on April 15th to Miss Elizabeth Crowe Nixon of New Rochelle. The wedding will take place in June.

Bob Schelling, whose engagement to Miss Barbara Smith of Princeton was announced on April 7th, expects to be married in mid-September.

Alex Stoddart, who will receive his Bachelor's degree in Fine Arts from Maryland Institute this month, will take over his duties as Editor of the Cape Ann (Mass.) Sun. His engagement to Miss Emile Cole of Philadelphia has been announced.

CLASS OF 1946

Don Haynsworth graduates from the Naval Academy on June 1st.

Mark Reeve, who will graduate from Princeton in June, hopes to ship out as a seaman on a merchant ship for a trip to Africa.

Forrest Rinehart is back in the Army and is stationed in Kentucky, but expects to be sent to Finance School.

Frank Stoner will be married on June 16th to Miss Sarah Sutherland of Washington, D. C.

Jim Trippe, who was reported in the last issue of *The Cardinal* as being in hospital in Yokohama, was back in Korea in March as security guard for General Ridgway.

CLASS OF 1947

John Carpenter again made the Dean's List at Brown for the first semester of the current academic year; will be married on June 9th to Miss Jane Stuart Ferris of Ridgefield Park, N. J.

Steve Chamberlin again achieved second honors for the Fall Term 1950, at M.I.T.

Larry Hebdon is in the Armed Forces.

Bob Lane is with the 201st A.F.A. Battalion, Fort Benning, Ga.

Dan MacDonald made the Dean's List at Yale in February. He will be inducted into the Army after graduation in June.

Pete McCagg's engagement to Miss Josephine Dean Palmer has been announced.

Bob Taylor, who graduates this month from Lehigh, hopes to do graduate work at either Georgetown University or the School of Advanced International Studies in Washington.

CLASS OF 1948

Sarge Bradley is attending Wesleyan University after graduating from Hebron Academy and a trip to Holland in the summer of '49 via the experiment in international living.

Dick Broome has started his work in architecture in Cleveland while attending the John Huntington Polytechnical Institute.

Carlos Echiverria left Tufts in January for the Navy and is studying at Northeastern College, Boston. He hopes to be able to complete his training and receive an NROTC commission.

Greg Gibson will be married on June 16th to Priscilla Cook at St. Thomas Church, Whitmarsh, Pa.

John Hopkins graduated from Radar School at the top of a 300 man class and is now attending technical instructor school at Keesler Air Force Base.

Gil Van Note has been elected president of Alpha Chapter of Phi Kappa Psi fraternity at Brown.

George Vest was tapped at Brown University as one of 22 new members of the Cammarian Club, student governing body of the University. He is a Phi Psi.

CLASS OF 1949

Ed Fielding is playing the bass for the "Delmelodians" at the University of Delaware.

Pat Keller was elected vice-president of his class at Trinity. He is also secretary-treasurer of the Trinity College Dramatic Club, The Jesters.

Sam Lovering, who is with the 101st Airborne Division at Camp Breckenridge, Ky., was married on April 14th to Miss Amber L. Lynch in the Congregational Church at Wilmette, Ill.

Mike McSherry, who captained the freshman wrestling team at Brown, was one of the freshmen selected to receive the Navy scholarship and has been chosen a "Vigilant" for next year.

CLASS OF 1950

Jere Norman, who is midshipman in the NROTC Unit at Brown, participated in a voluntary spring vacation cruise aboard a destroyer.

Roger Redden is rowing No. 4 on the Yale 150-lb. crew.

BASEBALL TEAM WINS SEVEN GAMES WHILE LOSING ONLY FOUR

The varsity baseball team led by Captain Pitt Foster and coached by Mr. Schoonover had a good season, winning seven games and dropping four. In the I.A.C. the team ran into bad luck and dropped all three of its contests by the closest margins possible. Captain Foster ended the season with a pitching record of four wins and three defeats. Dick Dodson, the anchor man of the Saint's two-man pitching staff, had an impressive three and one record. The rest of the team supported Dodson and Foster excellently and were never out of a game the whole season.

The outcome of the first Tower Hill game was never in doubt as the Saints pounded out eleven hits for a 13-2 victory. Catcher Bob Auersch, with three hits, second baseman Dick Corbin with two hits, and third baseman Willy Johnson with two hits, led the Saint's attack. Pitt Foster had little trouble throttling Tower Hill on four hits and earned the victory—his first of the year. Dick Dodson worked the seventh inning and struck out the side.

Gilman School of Baltimore put up a tough fight, but was eventually subdued on a flurry of triples by Bob Auersch, Matt McDermott, and Bill Whitehead and a long double by Dick Corbin. Dick Dodson started the game but had to withdraw because of wildness in the third. Pitt Foster relieved him and went on to gain his second victory. A Gilman rally in the last inning was choked off when a Gilman batter was erased at third on a long throw by centerfielder Dave Scherer, and the game ended with a 6-5 score.

The Saints were slow in starting against Wilmington Friends, but soon got under way and on the crest of nine hits coasted to a 12-6 victory. Caleb Boggs started on the mound, but was relieved by Pitt Foster, who went the rest of the way for his third consecutive victory. Foster, Auersch, and Scherer sparked the Saints' attack with two hits apiece.

Against Landon in Washington, the Saints met their first defeat by a 5-4 count, Julien LeCompte, playing in the outfield, composed the Saints' whole attack smashing out three hits in succession. Pitt Foster took the loss, his first of the year.

Dick Dodson allowed five fluke hits in shutting out Tower Hill in the next game, 10-0. Once again the Saints collected eleven hits. Duke LeCompte ran his streak to six with three more hits, while Foster and Auersch collected two hits apiece. Dodson went the entire distance to gain his first win.

A scheduled contest with Sidwell Friends was washed out after three innings.

A strong Valley Forge team was the next to meet defeat at the hands of the Saints, by a 6-3 margin. Galen Townley sparked the game with two hits. Pitt Foster went the entire distance for his fourth victory.

Over Dance weekend bad luck plagued

the Saints and an average McDonough team squeezed into a 6-2 victory. Dick Dodson, who had pitched a perfect no-hit game until the sixth inning, was struck by wildness and bad luck in the seventh and allowed six runs to cross the plate. A ground ball that bounced over Pitt Foster's head at first base proved to be the crucial blow. Dodson allowed only three hits. Galen Townley with two hits and Willy Johnson with a long triple led the Saints' attack.

Smyrna High School was defeated next, 10-8. Dave Scherer started on the mound but was relieved in the fourth by Foster. Dodson relieved Foster in the fifth and went the rest of the way for his second victory. Townley again got two hits to lead the attack.

A tremendous 350-foot home run by the centerfielder enabled St. Albans to squeeze through a 4-2 victory. Pitt Foster, who allowed three hits was the victim of this blow, the longest one ever hit at Richardson field, and took his second loss.

Dover High School went down to defeat in the next game, 5-3. Dick Dodson gained his third victory. John Halstead's double to left field proved to be the crucial blow of the contest as Galen Townley got two more hits. Tommy Patton also proved valuable as he gained his eighth walk in the last three games.

In the last game of the season, the Saints lost the closest game of the year, 5-4, to St. James. A last inning rally, sparked by Richard Corbin's second hit of the game, fell just one run short of a tie. Pitt Foster, who was relieved by Dick Dodson in the sixth, had pitched shut-out ball until that time. It was Foster's third loss of the year.

J.V. BASEBALL SEASON

The J. V. baseball team, coached by Mr. TenBroek, finished the season with a record of 2 wins, 3 losses, and 1 tie.

The season opened with a game against Tower Hill school. S.A.S. eked out a close one by winning 6-5.

In the second game, S.A.S. tied Wilmington Friends School with a thrilling eleven run rally in the fifth inning. The final score was 14-14.

Caleb Boggs, who was borrowed from the varsity, pitched a five-hitter against Tower Hill school in the third game. The Saints made a good showing and had little trouble winning with a final score of 8-4.

The fourth game was lost to a strong Dover team. Although S.A.S. was leading 1-0 at the end of the fourth inning, Dover finally won the game with a score of 7-1.

In the fifth game, S.A.S. lost to a previously tied Wilmington Friends team. The Saints had very bad luck. In one inning, infielders made beautiful stops only to slip and fall down when attempting to throw to first base. The final score was 17-1.

St. Andrew's had another off day when they played their sixth game, which was

with Dover. They lost 9-2. The opposing pitcher, Clifton, pitched a no-hitter.

This year's J. V. batting prize goes to Walden and Cannon jointly with batting averages of .421 apiece.

The Junior Baseball team had an uninspiring season with three defeats.

VARSITY CREW

(Continued from page 1)

The Red oarsmen got an early start this year, and were working out on Noxontown by the last of February. They returned from Spring vacation in ship shape, and a week later the first two boats teamed up on Dartmouth in an eight and beat the freshmen by a length and a half and the varsity 150-lb. boat by two lengths.

The next week the first two boats went to New Jersey to race Belleville. The bow slide in the second boat broke at the quarter mile, and the champs-to-be dropped their first race by six lengths. The first boat avenged their little brothers, by nosing out a strong Belleville varsity boat by a deck length, in a magnificent race against both wind and tide.

On 28 April, in the only school boy race in eights, St. Andrew's defeated St. Joseph's of Philadelphia by three lengths. The Red men lead over the whole of the Noxontown mile.

On the Schuylkill the following week, the Saints just about broke even. A sophomore boat from St. Andrew's was defeated by Lower Merion in a close race. The second boat, up to form, romped over two Lower Merion fours by ten and twelve lengths respectively. Haverford somehow wangled their way into a race originally scheduled between the Red men and Lower Merion, and rowed away with the victory. The Saints, however, defeated the Lower Merion varsity four by a strong ten lengths.

Dance week-end, the crew put on a splendid show for the girls. The second boat oarsmen were anxious to return from the far end of the lake to be with their girls. They finished twelve lengths in front of the Nutley second boat. The first boat took the lead at the start and stayed three-fourths of a length ahead of Nutley until the last eighth mile. There Nutley raised the stroke astoundingly and managed to pull ahead of the St. Andrew's varsity in time to cross the finish line a length in the lead.

(Continued on page 6)

ACHEANS CLUB CHAMPS

Although the Vikings, coached by Mr. Broadbent, won the first race of the season, the Acheans, coached by Dr. Pell, came back fighting. The Acheans won the next three races in a row to become the 1951 club crew champions. The boats were as follows: Vikings—Barnett, bow; Philippi, two; Hulick, three; Ralston, four; Ferguson, five; Oliphant, six; Cottrell, seven; Brook, stroke, and Bateman, coxswain; Acheans—Parks, bow; Johns, two; Read, three; Wright A., four; MacLarlane, five; Haselton, six; Schley, C., seven; Kirby, stroke, and Fish, coxswain.

VARSITY TRACK SUMMARY

CLATTENBURG SETS NEW SHOTPUT RECORD

1951 has been a fairly successful year for the senior track team. Powered by the trio of Clattenberg, Osborn, and Shea, St. Andrew's took its fair share of honors in Delaware and I.A.C. meets.

Ed. Clattenburg, was the team's Iron Man. Besides participating in the shotput, javelin, and discus, he also ran the hundred, and two hundred and twenty yard dashes. This year he was undefeated in the shotput. In the I.A.C. meet at St. James, Clattenburg set a new shotput record of 40 feet and 8 inches. In addition to this Ed was highest individual scorer in the I.A.C.

Another member of the team, Tom Osborn, has also done well in field events. This year Tom won medals with regularity in the shotput, javelin, and discus.

Len Shea has been out for track since his third form year. He did well this year in the high jump and 880. Shea climaxed his track career at S.A.S. by winning the I.A.C. high jump title this season.

The fourth member of the team, Dirck Teller, ran the 100, 220, and 880 yard dashes.

In the New Castle County meet, S.A.S. was 6th out of 10 schools. In a meet with Westtown Friends and Sanford, S.A.S. finished last. In the Peninsula relays, S.A.S. was 9th out of ten schools. In the I.A.C. track meet the Saints finished 9th out of 10 schools.

JUNIOR TRACK RESULTS

The junior track team had one of its best seasons this year. In the New Castle County meet, S.A.S. placed first out of eight schools. Hart won the one hundred yard dash, Holcomb won the high jump, and the relay team of McAbee, Scherer, J., Schulze, and Hart also won.

In the Delmarva Peninsula relay meet, the relay team of McAbee, Hart, Schulze, and Foster came in first in 50 seconds in the 440 yard relay. They also won the 880 yard relay.

JUNIOR TENNIS SEASON

The junior tennis team this year played only one match and lost it to Gilman, 7-0. The team offers some prospects for next year's varsity, however, in Milligan and Bahr. Mr. Hughes, the coach, deserves a great deal of credit for turning boys who had never played tennis before into players capable of playing junior matches. The team consisted of Milligan, Bahr, Battin, Ellis H., Baxter, and Liefeld.

ST. ANDREW'S RACKETEERS BREAK EVEN

Ward Paces Team at Number One

The varsity tennis team, coached by Mr. Hughes, had only a fair season. Of the eight matches played, four were S.A.S. victories. Most of the players were inexperienced in match play. Of last year's team only two players returned.

This year's team was composed of nine boys: Ward, Lindsay (captain), Draper, Luke, Good, Brumbach, Clay, Holcomb, and Williams. The latter two alternated with Brumbach, while Clay played only doubles.

In the first match at S.A.S., the team took Baltimore Friends, 7-2. All six singles matches were won by S.A.S. players. Ward, Lindsay, Draper, Osborne, Luke, and Holcomb participated. In the doubles matches only the Brumbach-Holcomb combination came out on top. In this match the first two doubles teams did not play. The regular third doubles team, Luke and Clay, were moved up to the number one position. Holcomb and Brumbach played at the number two position, and the third doubles team was comprised of junior players, Bahr and Milligan.

The following week the tennis team visited Gilman Country Day School in Baltimore. Again S.A.S. came out on top by defeating its opponents, 7-2. The singles victors were Ward, Lindsay, Good, and Brumbach. All three doubles combinations won. Lindsay and Draper started their season at first doubles, while Ward and Good began at the second position. Luke and Clay continued at third doubles.

The next match was at Newark, with the Delaware freshmen. The S.A.S. team pulled another victory out of the hole by taking two of the doubles matches. The Ward-Good pair continued their victories, while Luke and Clay came through at third doubles.

When Sidwell Friends came to S.A.S. the winning streak stopped. The Washington team took a decisive victory by a score of 7-2. S.A.S. lost all singles, but managed to take two out of three doubles matches. Ward and Good won their third straight, and the Lindsay-Draper team also came through.

The fifth match of the season was a tough one to lose. In Wayne, Pa., the Valley Forge Military Academy won their ninth straight match, this time against S.A.S., by a score of 5-4. Ward and Brumbach took the only St. A's singles victories. In doubles, Ward and Good continued undefeated. Luke and Clay scraped through a close one by taking two straights after dropping the first.

Over dance weekend Westtown Friends came to S.A.S. The St. Andrew's six managed to win another close one. The match seemed to be clinched after the singles because four out of six were S.A.S. wins. Ward, Lindsay, Luke, and Good came through. However, in the doubles, Westtown took two out of three. The final score was 5-4. Lindsay and Draper were the doubles winners for S.A.S.

When St. Albans visited S.A.S. the following week, the red team was somewhat depressed. The No. 1 man, Ward, had come down with German measles, and each of the players had to be moved up a position to fill the gap. This made the competition much tougher. Holcomb was the only singles winner for S.A.S. All the doubles teams lost. The final score was 8-1.

The last match of the season was played at Landon. Unfortunately, the S.A.S. team again ran up against a tough team. Even though Cosand Rogers, Landon's star, didn't play, their coach had some excellent replacements. The only S.A.S. victory went to Dave Lindsay, who took two straight sets after dropping the first one. Many of the matches went to three sets, but Landon usually managed to come out on top. Draper lost a tough one after creaming his opponent in the first set, 6-1. Final score—Landon, 8; S.A.S., 1.

VARSITY CREW

(Continued from page 4)

On the day of the Stotesbury Regatta, two determined boats full of oarsmen went to Philadelphia with their hearts set on taking the King's Cup, which St. Andrew's could have retired by winning the race. The second boat dropped its race to Lower Merion by two lengths. The Lower Merion four was not the one they had previously defeated, but the bow four taken from the first eight. The Red boat did, however, beat LaSalle and Washington and Lee High Schools.

On the same day, the St. Andrew's first four did not fare too well. They placed fourth in a race against Haverford, Washington and Lee, and Lower Merion.

While St. Andrew's will lose Cox Bryan, Captain Pell, Downes, Robinson, and Horan, the boat which won the Junior Nationals will return next fall.

Pete Pell rowed his first race of the season as captain of the St. Andrew's crew on May 5. Pete, a letter man for two years in crew alone, proved himself to be a captain in every sense of the word. He worked diligently all season, and though his own boat was eliminated in the nationals, he was right on the sidelines pulling every stroke for the second four during their race for the National crown.

GRADUATION, cont'd from p. 2

procession in the cloister. The procession will be led by the President of the Class of '52, who will be followed by the Second, Third, Fourth, and Fifth Forms, the Graduating Class, the Faculty, the Headmaster, the Rector of St. Ann's Church in Middletown, the School Chaplain, the Bishop of Delaware, and the Board of Trustees. The procession will enter to the strains of "Pomp and Circumstance" after which "Gaudeamus Igitur" will be sung.

The Invocation will be delivered by the Right Reverend Arthur R. McKinstry, Bishop of Delaware, after which the Headmaster will address the audience. The latter will then award the Honor Group Certificates and help to distribute the other prizes.

At the close of Mr. Whyte's address, the School will sing the St. Andrew's School hymn for the last time this year. The Commencement will then close with a benediction from the Reverend James O. Reynolds.

The School and its guests will retire for a buffet luncheon in the Quadrangle. At two o'clock, the school year 1950-1951 will officially end.

THE RENAISSANCE

(Continued from page 2)

adopted. In the first place, this measure offers an affront to the necessarily high calibre a boy must have to be on the Honor Committee. In view of this very calibre, chances of a *grossly* unjust decision are microscopic. Secondly, why should *any* boy be permitted to appeal the case? Surely the receiver of the penalty would know whether or not his punishment was just.

But, after all, the important thing is that the Student Body has once again found its tongue, thereby turning a dead-beat ritual into a force of accomplishment.

THE CARDINAL

Volume 21

St. Andrew's School, Middletown, Del.

Issue 1, 1951

Mr. Cameron New Assistant to HM

An old-timer returning to St. Andrew's this fall would look in vain for the frayed shirt collar and the baggy flannels that have been so long associated with the Senior Master and Chairman of the English Department. With his new duties as Administrative Assistant to the Headmaster Mr. Cameron has acquired a new sartorial splendor. It has even been reported that no cries of "You, boy-raahh!" have come from the office across the way from the Regoff where Mr. Cameron is currently cultivating a suave executive manner.

This is not to say that administrative affairs are not being attacked with characteristic Cameron imagination and vigor. Boys, already informed of their 1950-'51 rooming assignments by a pre-school card from Mr. Cameron, returned to find that the new Administrative Assistant had given up the chill damps of Monhegan to spend an exceedingly productive summer in the warm miasmas of Noxontown. The work of the newly formed School Government Committee, the revitalization of the extra-curricular activities program, and a searching examination of all phases of the School's life contained in what is already famous as "The Book" are all products of Mr. Cameron's summer labors.

Those alarmed by the absence of Mr. Cameron's familiar figure on the 6 man football field have been assured that this winter will definitely see him on the wrestling mats, probably in a Brooks Brothers' guaranteed-to-stay-up sweat suit.

WAR MEMORIAL SCHOLARSHIP COMES INTO EFFECT —C. BOGGS

After five years of busy preparation, the St. Andrew's Alumni War Memorial Fund has at last reaped the harvest of its toil with the arrival of Constantine B. Simonides of Athens, Greece, here as an exchange student in the Sixth Form.

In December of 1946 the alumni of St. Andrew's decided to commemorate the twenty-four St. Andreans who lost their lives in World War II with one of the most unusual memorials that any group has ever planned.

This memorial, meant to be something more than a perfunctory tablet, is dynamic and "living". Its purpose is briefly this: in the name of the alumni dead, a student from some foreign country who has shown a capacity for leadership will be selected and brought over for the Fifth or Sixth Form year at St. Andrew's and have his incidental expenses and vacations taken care of while he is here. At the conclusion of the student's stay here, it is hoped that the student, his native community, and all of the school family will be richer for the experience.

The accomplishment of this goal has been aided immensely by the contributions of the alumni and friends of the

SAINTS LEVEL TOWER HILL 31 TO 0 BALTIMORE FRIENDS NEXT VICTIMS (p. 3)

School Government Committee H. WERTH

This year an effort is being made to streamline the over-complicated and slow-moving system of school government. Hence, the School Government Committee was formed. Its membership is as follows: representing the Sixth Form are the Praefects, Mack Hickin, Willy Johnson, Herndon Werth, Henry Roth, and Ted Hill; representing the Fifth Form is Charley Pickett, the Fourth Form—Ian MacInnes, the Third Form—Harry Jarvis, and the Second Form—Sid Dickson. The Faculty representation is as follows: Mr. Hillier, chairman, Mr. Cameron, Senior Master, Mr. Broadbent, Sixth Form Adviser, and Mr. Baum, chairman of the D.C.

The long-range purpose of the Committee is supervisory and evaluative; supervisory in that it is charged with seeing that the system of student government functions effectively as a government-evaluative in its immediate purpose, which is to examine the present system and recommend such changes as appear necessary.

The most commonly voiced faults of the present system are these:

1. The student body seems ignorant of Parliamentary procedure and government. Business is brought before the School in an irresponsible fashion and is poorly executed.

Johnson, Mac Farlane, Harned and West Score For Big Red

With Capt. Willie Johnson leading the way, the St. Andrew's varsity eleven opened their 1951 season September 29th by trouncing Tower Hill of Wilmington 31 to 0. The game was almost a repetition of last year's opener which the Saints won 35 to 7.

Winning the toss, the visitors elected to receive. Doc Ellis got off a fine kick and Capt. Al Hyde brought the ball back to the Hiller's 20, but the visitors fumbled on the next play. Big Red recovered and promptly started their first touch-down march. After a five yard penalty and runs by Gale Townley and Sandy MacFarlane, Johnson went off left tackle for the score. Steve Penn, playing his first game as a St. Andrean, missed the conversion.

Ellis again put the ball deep in the visitor's territory on the kickoff. Two quick first downs moved play to mid-field, but the Hillers again fumbled, and St. Andrew's recovered. Sandy MacFarlane quickly put the Red back in scoring position with a 38 yard run to the Green 22. After runs by Johnson and Townley, MacFarlane scored from the one over right tackle. Penn again missed the conversion making the score 12 to 0. Watson returned Ellis' kick to his own 21, but after two running plays the quarter ended.

Two five yard penalties gave the visitors a first down on the Red 48 as the second quarter began. After another first

Headmaster's Remarks at Opening Service 1951

Grace be unto you, and peace, from God our Father and from the Lord Jesus Christ!

The last time most of you heard from me officially was at Commencement, where I boasted a bit that, in spite of having five members of the Faculty in the Naval Reserve, we had finished the year with all hands aboard.

Anyone who has ever been here knows what a key man Commander MacInnes was in the School. . . . This loyal and indefatigable Charter member of the Faculty left a tremendous gap when he and Mrs. MacInnes left here last July.

The first week in August Mr. and Mrs. Fleming sailed for France. . . . They will be away all this year on Mr. Fleming's sabbatical. Here was another huge gap in the School's organization.

Then Miss Coles, our Financial Secretary, left us to go to Africa with the Department of State, leaving another hole in the administrative fabric.

As the summer wore on these gaps got filled, but it took the sacrifice of

Salute

The *Cardinal* takes its hat off to Mr. W. H. Cameron, who has been its faculty adviser for 21 years. To Mr. Cameron, the *Cardinal* is indebted for its very life. Upon several occasions, it was he who practically wrote the whole paper. Unfortunately, the two part company with the growth of Mr. Cameron's duties.

Editorial

Just recently, Mr. Baum and the Editorial Staff of this paper decided that it was high time the *Cardinal* underwent a change. They put their heads together, and the results are as follows:

1. There are now three more Editors than before. One is to run the News Department only, another is to handle the photos that will soon blossom on these pages, and one is to drum up exchange with other schools. (These exchanges will be placed in the Library.)

2. In the future, news will have less chance of going stale since there will be six four-page issues instead of the usual four six-page ones.

3. Alumni Notes will be discontinued as such because of their increased and increasing size. However, the second *Cardinal* of the Winter Term will be a special Alumni issue, supplemented with pictures taken around School.

Through these measures, we of the *Cardinal* sincerely hope to give you a better publication from now on.

Schoonover Baby

A. WRIGHT

On Monday, August 14th, Cortlandt Schoonover, Junior, the third child of Mr. and Mrs. Schoonover, arrived at the Delaware Hospital weighing 7 pounds, 7½ ounces. Mrs. Schoonover says that he shows signs of being a good eater. Mr. Schoonover is counting the years until he can teach Cortlandt, Junior, to play baseball. On the other hand, Fbbie Schoonover, the new arrival's 10 year old sister, states that she had very much wanted a little sister but has decided that a baby brother is not too unsatisfactory.

HEADMASTER, from col. 1

hope that everyone will do his best to keep it so.

We welcome Mr. Hawkins back from his sabbatical leave in England and Europe, part of which was spent in teaching at the High School in Ratzeburg, Germany. And we greet two new members of the Faculty.

We also welcome our 45 new boys, especially our first Alumni War Memorial Scholar, Constantine Simonides of Athens, and another new boy, not yet a member of the student body, Cortlandt Schoonover, Jr., who arrived on August 14th bringing the prospects of a whole holiday later this term!

All this is good news of the School family, but there is some very sad news, too. Tom Osborn, star center of last year's football team, is flat on his back with polio. Two former students, Donald
 (Continued page 4, col. 2)

CLASS OF '51 IN COLLEGE

Out of the thirty-five members of the Class of '51, thirty-four are now in college and the thirty-fifth, Bill Murphy, expects to go by the middle of this year. Washington and Lee claimed the largest number with four of the class, while Yale, the University of Virginia, Franklin and Marshall, Georgetown, Brown, Trinity and Stanford all tied for second place with two apiece.

The enrollment is as follows: Frank Draper, Dave Foster, Peter Pell and Noel Wright are at Washington and Lee; Dave Bryan and Ted Guthery are at Georgetown; Dick Dodson and Sam Fleming are at Franklin and Marshall; Bob Auersch and Matt McDermott are at the University of Virginia; Jack Fiedler and Barry Register are at Yale; Skip Hartman and Alex Kirby are at Stanford; Ed Clattenburg and Bill Whitehead are at Brown and Dave Barroll is at Washington College, Alan Clugston at Penn State, Dick Corbin at the University of the South, Hall Downes at Harvard, Al Good at Lafayette, Dave Guthrie at the University of Colorado, John Halsted at Amherst, Fred Starr and Chuck Hensel at Trinity, Dave Lindsay at Williams, Tom Osborn at Lehigh, Tom Patton at Princeton, Robby Robinson at the University of Delaware, Dave Scherer at the University of Missouri, Leonard Shea at the University of Pennsylvania, Leslie Smith at the University of Kentucky, Danny Trimper at Duke, and Eric Ward at the California Institute of Technology.

Cardinal's Nest

By HOWARD

I would like to take a moment now to welcome a new member to the school family. We will receive no half-holiday because of her arrival, but the school will benefit by her presence in other ways. She hails from New York and is known to us at present as "one Fatte Calfe."

This "beest" comes in payment of a debt contracted about 272 years ago between Jacob Leisler and Sir John Pell for the purchase of what is now New Rochelle, New York. Jake promised to pay to Sir John or to his heirs one calf every year, if demanded. Speaking purely from a glutton's point of view, it seems a shame that New Rochelle hasn't been stuck every year on the year for a "fatte calfe."

It seems that Mr. Leisler was trying to start a Huguenot colony in America, and he found the territory around New Rochelle to his liking. Therefore, he paid Sir John and his wife, Rachel, the sum of 1,675 pounds for 6,100 acres of land or about \$1.40 per acre. In addition to this, Leisler also agreed to pay a calf a year to the Pells. This, of course, made Jacob very popular with the Huguenots, who were short on money and long on calves. They began moving to their "promised land" in about 1687.

The story, however, does not have a happy ending, for Leisler at any rate. He was hanged in New York City in 1691 for "high treason." Historians now believe that Leisler's conviction was a miscarriage of justice. There is no reason to believe that Sir John Pell was connected with this miscarriage. However, anything could be forgiven the victim of such a gigantic land grab.

The outcome however of all this turmoil is that St. Andrew's can, and, I hope, will receive one calf a year forever. Long live the Holsteins.

Let me ask you a question. Have you ever kissed a moose? Chances are you haven't, but if you have, you will agree with me that it was unpleasant. Why? What has a girl got that a moose hasn't? Simple, lipstick.

Now, two young gentlemen, being discerning fellows, noticed that the mooses, meese (you know what I mean), in the dining room looked, mmm, shall we say, dead. Therefore, the martyrs-to-be took it upon themselves to remedy the situation and to enhance the beauty of the beasts. They gave the creatures luscious, red lips.

Don't get me wrong. I don't condone their sin. I merely state that it made the moose more presentable at meal-time, and after all, whose lips are they? I didn't hear one moose complaining and I think that that should be considered deeply before passing sentences on the two "miserables."

Ponder these arguments and if you feel as I do, dash off a few lines to me (or your nearest congressman) and tell me what you think. As for me, I must dash off now for I'm the principle figure at a D.C. meeting. Know what I mean?

Big Red Trounces Baltimore Friends 32 to 0

Remains Unscored Upon—Score Near Equal of Earlier Win Over Tower Hill

Confident after their opening game victory over Tower Hill, the St. Andrew's School varsity football team trounced visiting Baltimore Friends 32 to 0 on October 6. It was the second loss in as many games for the visitors and the second straight shutout for the Andreans.

After winning the toss and receiving, the Red settled down to a determined ground attack. Will Johnson, Sandy Mac Farlane and Bill Brumbach combined to put the ball on the Grey 35 before Gale Townley's first pass was intercepted by John Whiteford on his own 20. The Grey attack was slow getting started, however, and they were forced to punt before getting beyond their own 30. Staying on the ground, St. Andrew's had better success and soon scored after a series of first downs. Capt. Willie Johnson plunged over left tackle from the two yard line for the touchdown. After Doc Ellis kicked off to Friends, the quarter ended.

The second quarter proved just as futile for the visitor's attack, as Will Johnson intercepted Dick Sievold's pass on the second play. The Red attack also bogged down, but after Gale Townley's punt to the 30, Johnson intercepted another Grey pass, this time on the first play, to give his team another opportunity. Sticking to the ground and getting fine blocking, St. Andrew's scored their second touchdown on just seven plays. Sandy Mac Farlane went over right tackle from the one for the tally. With the Friends attack completely stymied by the hard charging Red line, St. Andrew's took over when Pickett Wright recovered Bill Pearce's fumble on the Grey 38. A series of penalties cut this Red drive short, and Townley's punt went into the end zone for an automatic touch-back. With Bob Young, Cale Boggs, and Ted Hill leading the way, the Red line continued to keep Grey first downs very scarce and the visitors were again forced to punt. Will Johnson ran the punt back to the enemy 15 and moments later passed to end Bill Howard for the third S.A.S. touchdown. After missing the first two conversions, Steve Penn found the range on this one to make the score 19 to 0 at the half.

As the third quarter opened, the Saints began another march from their own 20 where they received the kickoff. After a quick first down the visitor's defense stiffened, and they recovered a fumble on the Red 36. Al Jenness then reeled off the loser's longest run of the day, a dash around left end good for 21 yards and a first down on the Red 15. A holding penalty put the ball back to the thirty, but the Grey pushed down to the St. Andrew's 9 before they ran out of downs and lost the ball. Continuing their rushing attack over the tackles and around the ends, the Saints quickly moved the ball up to mid-field, before the Grey line halted further progress. An exchange of punts gained 12 yards for the Saints before the quarter ended.

Getting a break, in the form of a

fumble on a punt return, to open the final quarter, the Red got their attack rolling again in short order. Recovering the fumble on the Grey 20, it took the Saints only two plays to score. Vic Harned accounted for the six-pointer with a 14 yard romp through the Grey left side. Bob Foster kicked off to the visitors, who were forced to punt when three plays gained no yardage. As the game came nearer and nearer to the record books, the passing attacks of both teams got a workout. Before they lost the ball on downs, the Saints completed one of three aeriels, but Friends had even less success in the air. Hal West, playing an outstanding game on defense for the Red, intercepted Seiler's second pass and ran it back to the Grey 20, setting up the final Red score. After Mac Farlane ran for the first down to the six, Fred Schneider passed to Bill Brumbach, who made a diving catch in the end zone, for the score. Steve Penn boosted his game average to .400 when he converted, making the score 32 to 0, a good one for the St. Andrew's record book.

Mamo Wrestling Trophy

The boys who entered the reception room of St. Andrew's on the first day of school this year were stunned by seeing a sterling silver trophy, well over two feet in height, sitting on the center table. The statue, given by the father of Joseph Edward Mamo, '47, is the replica of a Roman temple. In the center of the surrounding columns is a Maltese cross (Mr. Mamo lives in Valetto, Malta). On the top of the trophy stands a statue of a wrestler poised for battle.

Joe Mamo, himself, was on the wrestling team at S.A.S. for three years. He was undefeated at 133 pounds in his junior year and was captain of the team his senior year. He has just graduated from Lafayette College and is now attending the Harvard Graduate School of Business Administration.

The first winner of the Mamo trophy was Noel Branch Wright, 1951 captain of the S.A.S. wrestling team. Each year the best wrestler at St. Andrew's will have his name inscribed on the trophy and will receive a smaller trophy which he will retain.

J. V. FOOTBALL

BARNETT and BATTIN

With a fairly experienced team and with strong support from varsity players Schulze, Levinson and Beatty the JV should have a successful 1951 season.

In a scrimmage with Smyrna on October third the team showed up well both offensively and defensively. Schulze, Ferguson, W., and Liefeld and Battin lead the offensive attack. The defense was sparked by Holcomb, Wood and Smith, T.

With hard-driving coaches Chamblin, Washburn, and Pell in charge, the practices are spirited and cooperative. These practices are filled with a lot of blocking, tackling and dummy scrimmages. A system of checking out linemen on tackling and blocking should prove effective in building a strong line.

The largest schedule in many years will be played in 1951. The games are as follows:

Oct. 9	William Penn	Away
Oct. 16	Sanford	S.A.S.
Oct. 22	Caesar Rodney	S.A.S.
Nov. 2	Tower Hill	S.A.S.
Nov. 9	Wilmington Friends	Away
Nov. 16	Archmere	Away

Using a modified two-platoon system the probable starting line-up for the first game is: backs—Battin, QB; Marvin, HB; Jarvis, FB; and Shulze, HB. Linemen—Holcomb and Parks, ends; Wood and French, tackles; Murray and Smith, T., guards; and Levinson, center. This team will be backed up by able substitutes and defensive players in McConnell, Beatty, Liefeld, Ferguson, W., Hulick, Cottrell, Campbell, Smith, M., Roudebush, Ralston, Quirk, MacInnes, McBurney, Hinnant, Johns, Jarvis, Herring and Barnett.

With much determination and hard work this year's JV should be successful.

SR. 11 FOOTBALL

G. Macintire

About 30 boys averaging 125 lbs. have been working on the intricacies of the split-T for two weeks. As the majority of the team is new this year, coaches Hagerty and Hughes have been shifting boys in various backfield and line positions in an attempt to field an eleven that will make up for lack of size with speed and deception. At this point it is difficult to assess the specialties of the various players, but with each daily scrimmage the squad comes closer to working as a football team that will measure up to previous senior eleven groups. To date no outside games have been scheduled; however, there is a sufficient number of players for two teams to engage in intramural battles. When intramural football is played the squad is divided into units that are as even as the coaches can possibly make them, and games are played once a week throughout the season.

BALTIMOREANS!

Reserve Friday, 21 December for Annual Alumni Dinner. Details to be announced.

TOWER HILL, cont'd from p. 1, col. 3

down on the St. Andrew's 30, the Green attack bogged down, and when a fourth down pass was incomplete, the Red took over. On the next play, quarterback Gale Townley went down the right sidelines to the Tower Hill 10. The threat ended there, however, as the Hillers took over on downs. They too had trouble getting a drive started, as five plays and a first down later, Will Johnson grabbed Thayer's fumble before it hit the ground and raced around right end for the third St. Andrew's score. A missed conversion kept the score at 18 to 0. Johnson quickly thwarted the next Green attack when he intercepted Haon's pass at the fifty and kept play in enemy territory. After a first down on the 40, the first half ended.

Bill Howard ran Hyde's kickoff back to the Red 43 as the second half got underway. Eight running plays and two first downs followed, but the drive ended on the visitors 25 as they recovered a fourth down Saint's fumble. With linemen Harrison Owen, Charlie Pickett, and Dick Williams, and backers Mike Milligan and Fred Schneider standing out on defense for the Red, Tower Hill got only up to their own 42 on their next drive. From there Hyde punted to Johnson on the S.A.S. 22. The West Virginia speedster ran all the way back to the Green 28 where the eleventh man knocked him out of bounds. Four running plays later the quarter ended with the Red on the Hiller's 12.

As the final quarter opened, Townley threw ten yards to Vic Harned, who stepped into the end zone for the fourth Red score. Penn converted making the score 25-0. The kickoff preceded an exchange of fumbles with the visitors finally holding the ball long enough to lose 12 yards on three plays. Hyde's punt was blocked by the hard charging Red line, and the hosts took over only five yards from pay dirt. Following another exchange of fumbles, Hal West went over left tackle for the final St. Andrew's score. With little time left the Hillers ran the kick back to their own 45. Two pass plays put them quickly on the St. Andrew's 35, but here time caught up to the Green attack, which never really got in high gear all afternoon.—J. LeCompte

SCHOOL GOVT., cont'd from p. 1

2. The student body seems also ignorant of the areas in which student control may operate. School Meetings have become meaningless because they seldom touch matters of real importance.

3. Complexity of organization makes the present system seem cumbersome. There are too many agencies, the functions of which are not completely understood by the students. The result is indifference and cynicism.

The Committee fortunately has been able to get off to a rapid start, thanks largely to Mr. Cameron's work this summer. At the first School Meeting a recommendation was presented to the effect that all legislation passed in School Meetings circumvent the Vestry and go directly to the Faculty. Also a great aid to the students is the fact that agendas for School Meetings will be posted prior to the meetings from now on.

Two Additions to Faculty**H. ROTH**

Taking over Mr. MacInnes's duties in the Math Department is Mr. Davis A. Washburn. Mr. Robert Frank Sisler has joined the Modern Languages Department during Mr. Fleming's absence. Mr. Sisler and Mr. Washburn are not only young and skillful, but also they will indubitably strengthen the teaching staff and the reputation of our school.

Mr. Sisler attended high school in Yonkers, New York. After he graduated, he enlisted at the age of seventeen in the United States Navy, where he was enrolled in the Radio Technician Program. A little over a year later Mr. Sisler left the Navy to begin his college career at New York University. In three years Mr. Sisler completed his undergraduate work. He spent another year in post-graduate work for which he acquired his master's degree in language. After college Mr. Sisler taught at Cranbrook for one year. At the end of that year he came to S.A.S. Mr. Sisler is now working on his Ph.D. in language, which he hopes to receive within three or four years.

Mr. Washburn of Springfield, Mass. attended St. Andrew's School for his secondary schooling. From S.A.S. Mr. Washburn went to the University of Pennsylvania where he took the degree of Bachelor of Arts. At Penn, Mr. Washburn was a member of the V-12, an organization corresponding to the NROTC. In athletics Mr. Washburn excelled as captain of the 150 lb. crew. After finishing college Mr. Washburn taught chemistry for four years at Mercersburg Academy. There he coached JV football, JV basketball and JV baseball. Now Mr. Washburn is back at his alma mater continuing his career as teacher and coach.

Six Man Football

After twenty years of coaching Mr. Cameron's many duties have called him from Six Man Football and he has been succeeded by his former assistant, Mr. Broadbent. Helping with the coaching this year are two seniors, Charlie Kenney and Julian LeCompte. Fourteen boys of the "under 110 pounds or under 14" category are well on the way to starting the traditional "Cake Series."

Returning veterans from last year include quarterback Clay Mitchell, center Prof. Ferguson, ends Larry Bateman and Morgan Herrlich. Among the new material are Pete Kadzielewski, quarterback; Bob Nuckols, Ned Harris, George Mitchell, Norm Henry, halfbacks; Bob Congdon, center; Larry Lucas, John Way, Mikey Wansey, and Sid Dickson, ends.

HEADMASTER, from p. 2

Driscoll and Lawrence Layton, are missing in action in Korea. And Mrs. Arthur Stearns, Mrs. Heater's able assistant in the Laundry, died the end of June after a serious operation.

Subsequently, the School received the good news of Tom Osborn's complete recovery.

Mr. MacInnes Recalled to Active Duty by Navy

In June of 1951 Commander John N. MacInnes was called from his post of Assistant Headmaster to active duty in the United State Navy. He is currently serving on the staff of Vice Admiral Briscoe, Commander Amphibious Forces, Atlantic.

Commander MacInnes joined the faculty of St. Andrew's School in 1930, the first year of the school's operation. During his career at St. Andrew's he served as Chairman of the department of mathematics, head coach of football (in which capacity he coached St. Andrew's only undefeated and untied team, the Boiler-makers of '39), and in the years since World War II as Assistant Headmaster. Many St. Andrew's institutions were formed under Mr. MacInnes' direction. Among these were the school bank, the Noxentowners, the gym store, the Yacht Club, the boy of the day system, Sixth Math as it now is, the Landon-St. Andrew's pink elephant trophy, and the Fathers' Club. Mr. MacInnes was instrumental in extending St. Andrew's relations with other schools. He helped establish the Interstate Academic Conference and as secretary of the Inter-scholastic Yacht Racing Association he organized a racing program as it is currently carried out at Annapolis, Md.

Mrs. MacInnes, the former Elizabeth Walters, who was also vitally interested in school affairs, contributed her talents to the entertainment program, and established the school canteen.

Commander and Mrs. MacInnes are now living at Virginia Beach.

Fleming Sabbatical

In August of this past summer Mr. and Mrs. Fleming departed for Europe on Mr. Fleming's sabbatical leave. Their first extended stop was Paris. At the gay city they had a regular St. Andrew's school reunion with Sam Hazard, class of 1941, and Sam Donaldson, class of 1940. After *la Vieille Lumiere* had paled the couple spent a short time in Montpellier. From there Mr. and Mrs. Fleming took up their winter residence at Aix-en-Provence. They are planning to take an excursion through Spain. Moreover, Mrs. Fleming is already speaking wistfully of gardening in the soil of France. Not only do we hope that the Fleming's are having a wonderful time, but also we miss Mr. Fleming's huge bundle of notebooks and his chuckle as he hands out 24.

SCHOLARSHIP, cont'd from p. 1

Some of his hobbies include reading and collecting books, listening to music, and playing sports. He likes the American movies but prefers the "historic type" over the "fresh kind."

It is Constantine's desire to study industrial chemistry at some American college when graduating from St. Andrew's.
