Mr. Desalvo, we have been so lucky to have spent the past four years under your guidance and mentorship. Your constant empathy, compassion, creativity, selflessness and love has impacted so many of us in important and meaningful ways. You always catch us when we fall; thank you so much for believing in us. You never fail to inspire us in the chapel, the classroom and on the field. You have redefined what it means to be a saint, and you are, and will continue to be, a role model to each and every one of us. As you always say, God loves you and we love you.

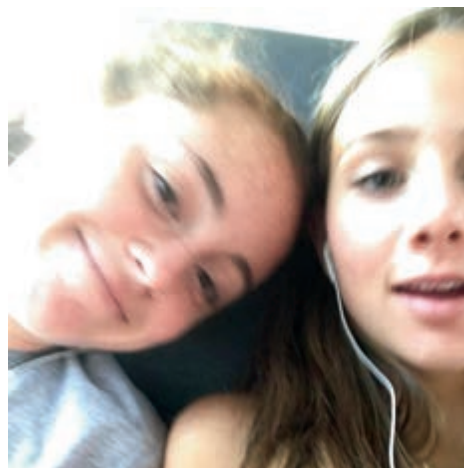

Mrs. Zendt, since we met you on our first tours visits and interviews you have been a crucial and defining part of our St. Andrews experience. We will miss your strength and kindness as a friend, mentor and advisor. You always know what to say and when to say it. The St. Andrew's community will forever remember you as being a strong and guiding presence, a kind listener, and an intelligent and inspiring leader. Your mac and cheese will be greatly missed by everyone who had the honor of enjoying it, as will your encouraging and optimistic spirit. We will miss your water colors in the gallery and your smiles in the halls. Good luck wherever your path takes you.

Yearbook

We have had so much fun crafting the yearbook together this year. Although there were moments of stress, at the end of the day we always came together as a team. Yearbook has been a remarkable experience and we are so proud to leave our legacy on the school through this yearbook. To the future yearbook team-- know that we love you and are so excited to see what you create in the years to come.

Athletics

Girls Cross Country

Dear Girls XC,

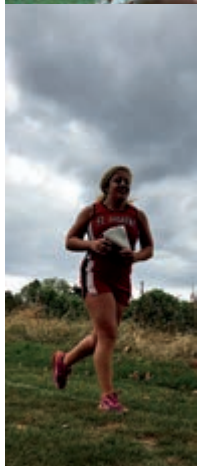

We are so incredibly proud and lucky to have had the privilege to run with all of you this season. From making it through the rough workouts to cheering louder than any other team at the races, you took girls cross-country from a team to a family! We loved coming out every day to see Eleri, Sallie, and Ashlie's unbelievable energy, and Alyse, Isabel, Christine, and Diana take MINUTES off their times every race. The awesome running groups of Leandre and Ann Yancey, Anna, Margaret, and Kathryn, Abby and Chloe, and Bryer, Sarah, and Emily. Hearing Pia and Sofie cheer at every mile marker, eating Charlotte's mom's cookies after every race. And how could we forget Cierra, Iris, and Isabel's sarcasm and race tactics to keep us laughing the entire time!!

This season was filled with everything we could have asked for and more. We love you all so much, and we can't wait to see what you're going to do next year!!

Love,

Your Seniors

Football

After a tremendous season of hard work, a few questions still remain for the football team to contemplate. Such as: Does Richard really know the play? If Tim gets an interception, but nobody's there to film it, did Tim really get an interception? Do all the emoji's on Lamar's gloves make him catch better? How many times can Coach Roselle bench press the offensive line? How many times can Sam Zhang bench press Coach Roselle? Who writes Coach Brooks' pregame speeches? When will Coach Myers not have a day in paradise? Despite all these mysteries. Nobody can question the dedication and passion with which we approached each practice, the fierce determination with which we faced adversity, and the respect which we now garner every time we step on the field. It was a pleasure for us captains to play beside every one of you this fall, we couldn't have asked for a better group. We look forward to the bright future ahead.

Sincerely your captains,
Will, Ryan, and Arthur

FIELD HOCKEY

Being on the team for the past four years has created some of our best memories at St. Andrew's. Thank you to each and every one of you that has had a hand in making these years what they were. We are so proud of the team and all we have accomplished. The hockey family is one we will never forget. Nancy, Murph, Piper, you are going to kill it next year. And to all of our underclassman, we cannot wait to see the amazing things that you will do as a team. Thank you all so much, your captains.

BOYS SOCCER

The boys varsity soccer team has been at the forefront of my St. Andrew's experience. The inseparable bonds that I created with all the players that I stepped out onto the field with have been the most valuable and meaningful of my life. Losing is always hard, especially when you have the quality of player and person that we possessed all four years. A state championship would have been the icing on the cake for this experience, but it was sadly not meant to be. What I will take away, and what I value more than a state title, is the culture of brotherhood, love and passion that myself and my teammates worked so hard to build. This culture transcends my four years here and I am so excited to see where the younger guys on the team can take the program. Thank you to Mr. Carroll, Mr. Permutt, Mr. Foehl and all past St. Andrew's soccer player for building the foundations for us to enjoy such a special experience of variety soccer. -Robbie Turnbull

Volleyball

This season has been one of the best volleyball seasons St. Andrew's has seen. We're all so proud of all the rice stuffing, breakfast serving, and indigo hitting we've done all season. For the seniors, we couldn't have asked for a better season to have gone out with. We can't see what the future holds for this team. Each and every single one of you is so talented and we know you all will only get better. Keep it up, and go stuff some rice next year!

**Love,
Sam, Noor, and Katherine Gao**

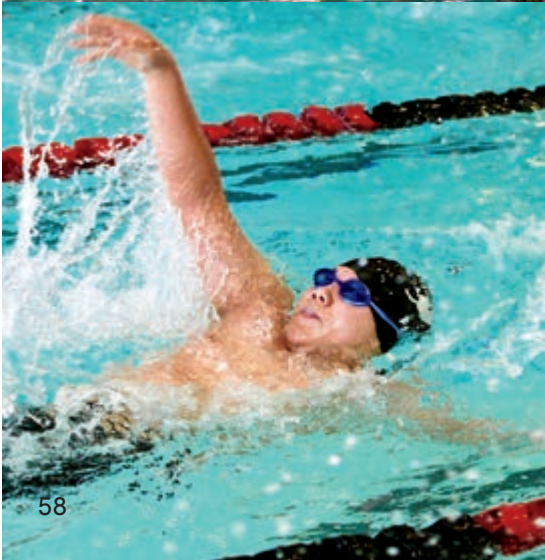

SWIMMING

Hi girls!!

We could not be prouder of the incredible athletes and women you have become over these past three months. Swimming is unlike any other sport as not only is it physically challenging (making you appreciate oxygen so much more) it also is mentally grueling—the black line can get old real fast. Despite the hard practices and long meets, you all amazed us with your positivity, dedication, and flexibility. Whether you were in lane one or six, you all gave it 110% for yourself and for the others around you. As seniors who have spent 4 years swimming thousands of yards, blasting music during shaving parties, and experiencing the true camaraderie of the swim team, we can say that this season was like no other. Thank you for making us laugh in the locker room and cry with pride (feeling like proud mommas) during DISCS. We will miss you all so much. Last one, fast one! Don't forget to keep snapping those post meet selfies.

**Much love,
Ryann and Alex**

Dear Boys,

Thank you guys so much for an amazing 2017-2018 swim season. Seeing the improvements everyone made throughout the season was insane and incredible! We had the most amazing DISCS and every single person should be incredibly proud of all they accomplished throughout the season. That being said, the thing that we are most proud of and happy about is how much you guys have been able to make this 'individual' sport feel like a team. Of course, individual results are special, but what was even more powerful was how you guys were able to make us as seniors feel amazing to feel like a part of a team where everyone cared for one another and truly supported one another. We will never forget the random memes that were made during practice or the conversations in the locker rooms that brought smiles to our faces every day. We cannot imagine a greater group of guys to make the somewhat dreary months of the winter also some of the most fun and entertaining—your enthusiasm is infectious and lifted us up every day. So good luck next year with swimming and everything else and we hope that maybe those sewing machine steps will help you run on water. ZIGGY ZAGGY ZIGGY ZAGGY OI OI OI!

**Love,
Will, Dylan, Ben, and Wilson**

Wrestling

This wrestling season, we witnessed perhaps the start of perhaps the greatest comeback of any St. Andrew's sports team. We told jokes, we laughed, we had a great time, but most importantly every person in that room showed intense mental and physical toughness and willingness to learn and drove right through the season. Many thanks to Coach Boyles and Phil for their outstanding teaching and leadership, and may we all hold dear in our hearts our fallen friend, Fusion Buffet (20XX-2018), may their soul rest in peace

Indoor Track

In Indoor Track everyone and no one was the captain and even after all the "SCOOOP" we still ran hard. We are remembering those times when Godfrey would always complain about the fast pace Quentin was setting and when Lilly set a school record. Blake claiming the long distance captain, pasta parties, and the filter strip, knockout intervals, short shorts, indoor track training outdoors, and "Good job boys".

Boys Basketball

The varsity Basketball team had a rocky start, but we started to find ourselves towards the end of the season. As a team we have grown to understand each other. We have figured out what type of players we are. -Captains

GIRLS BASKETBALL

Dear Ballers,

This season has been full of hardwork, effort, and tenacity. The team that first stepped on the court in November is so incredibly different from the team who played in the last game of the season against McKean. Your hard work, effort and tenacity never wavered and the improvement in skill and chemistry changed our team for the better. We are so proud of the work you all have done and are so excited to get back on the court next november.

Griffin - you are so scrappy and never give up on a play, fighting till the last second or until the whistle blows. We owe many of our jump balls to you and your fierceness and strength.

Nia- whether you are singing in your head while coach is talking or just being you, you never failed to make us laugh. keep driving hard to the basket and taking those threes!

Clare- keep shooting, keep fighting, and keep up your speed, you are a true baller and we can't wait to see what the rest of your basketball career at SAS will be like.

Miles- your constant energy and smiles made even the longest practices bearable. You have been such an crucial part of this team, from your tenacious defense to your unstoppable righty drives.

Emily- you are a BEAST. You are an example to everyone on the team of what it looks like to give you all no matter what. You have improved so much this season and we can't wait to see all that you will accomplish next year.

Aliay- though your season ended after 2 minutes, your support and commitment to this team did not go unnoticed. We know when you get back on the court next season you are gonna kill it!

Kate - from your rebounds to your strong defense fighting for positioning on the block, your consistency and relentless determination have added so much to our team

Sam- your work ethic and dedication inspired everyone on the team to always try their best, and the team is going to miss you so much next year.

Dani - we have loved having you on the team this year. You worked hard every practice, from your amazing defense and speed and you always challenged your teammates, pushing yourself and others to be better.

Elisa- You quickly became a very important part of this team. From your grrrr rebounds to your consistent shooting, we are so glad you decided to join the squad and can't imagine the season without you.

Thank you so much for an amazing season. We are so excited for next season and all it that is in store. GO LIONS!!

64 xoxo,
Leandre and Noor

Boys Squash

This was the best team we could have asked for to end our squash careers at SAS. Although nationals didn't go the way we had hoped, you boys stayed strong and showed your true character. You all showed incredible mental strength when the matches got tough and great sportsmanship when they were a bit too easy. We've loved you through the good and the bad. Through the Mciddies trips and the silent protests. We all look forward to seeing were you guys take this program next year and wish you all the best. Keep killing it.

Love your Captains- Mac, Graham, and Andrew <3

GIRLS SQUASH

We loved spending our winter with you and watching our team improve so much throughout season!

From salad works stops, to fives up. People thinking Mr. Foehl is a player, to us thinking that players are coaches. Sasha, The Love Club, the knocking game, Bunta (our spirit machine). Beating JV boys squash and the cookies Mr. Finch never gave us.

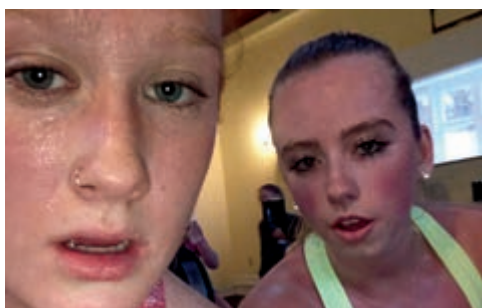

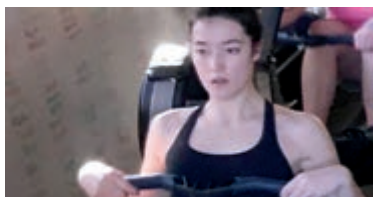

Remember, All We Do is Win!! (even when the game score didn't show it). saints SQUASHHH! ONE, TWO, THREE, squish...

Love,
Your seniors

A typical night on Pell

It's a weeknight on Pell and the girls "eagerly" come check in. Heidi runs down the stairs with her headphones still on and yells "I'm not dead!!" Gigi smiles softly and waves, then returns back to her room to her drawing endeavors. Elizabeth rounds the corner and screams "CAN I CHECK IN?" The girls start to settle in for study hall and as usual, Madeline and Sarah are studying like angels in their spotless room. Halfway through study hall, the seniors hear whispers from Amelia and Marvi's room, and Jill and Gianna want to take a shower.

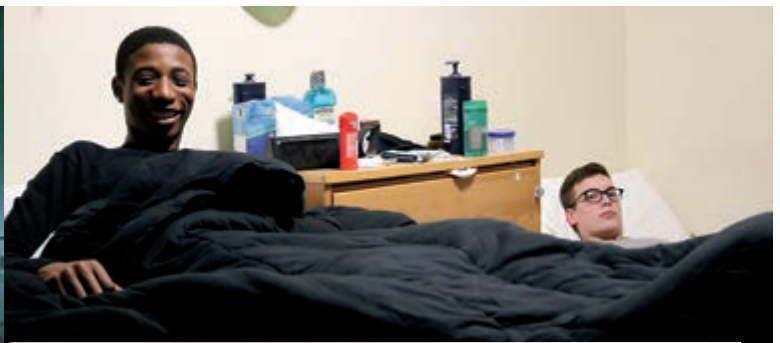

When study hall is over, all the girls come to the common room in a mad rush. Claudina wants to play Mafia and runs around trying to recruit others. Sallie frolics around dorm singing and dancing. Piper and Eleri rush to clean their room as they chat about their days, and Caroline is taking care of her fish. At the last minute, Mimi starts making food. Emily is the first to brush and wash, right on schedule and making the seniors' lives much easier. No one can find Zaia... she's still on Moss. Clare is still in the shower.

As it comes time for lights out, Heleah claims she's ready for bed, even though her shoes are still on. You head upstairs and Griffin is already in bed ready for a good night's sleep, and Ashlie is reading in her room. Christine and Leila are having adorable roommate bonding time. Izzy and Nia are trying to get in some last-minute musical exercise while Rhett prompts them on with encouragement. Sallie and Amrit are having a roommate facial mask session during brush and wash. Ellie calmly brushes and washes as she watches the chaos of upper happen around her. Back on lower, Marie tries to hide in Kate's room as they try to get in some more minutes of talking. Riley and her roommate, Elizabeth, are arguing about something trivial. The senior on duty gets summoned by Nina as she exclaims "I'm ready for bed, woman!!" The last light is out. The seniors collapse into the common room couches with a sigh of relief.

Dearest Matriarchs,

Thank you does not even come close to the gratitude we feel toward all of you queens. You have inspired each and everyone of us with you intelligence, hard work, compassion, talent, positivity, and confidence. We loved coming back to dorm each night for the laughs, the stories, and rounds of what do you meme but mainly because we felt that we could come back to a place that we felt comfortable and loved. From Mall Mestival to Malentines May we loved every minute of it! This year was the best year on dorm for all of us, and even though next year you might be all spread out across campus, we hope that you remember that once a matriarch always a matriarch. With these incredible women behind you, we know that you can go out and accomplish anything and everything you want to. Behind every successful matriarch is a tribe of women who have her back!

Sherwood Forest

Thanks for all the fun times and memories, we will miss you guys and know that you all will go onto great things.

Here are some of the best: "WHAAAAT, NOT LIKE DIS", water wars, the hole in the quad, spray paint in the bathroom, late night wrestling fights, swimming in the trashcan, dodgeball injuries, thursday night cereal, the new sherwood flag, cooking rice at 2am, and countless nights of shenanigans.

You heave the double doors open against the incoming rush of winter air. You place your foot down on the thin layer of snow dusted over the stone brick of the garth. Your body follows. You hold it open for your friend, who emerges from the light of the indoors into the eerie chamber that surrounds you. You feel the forsaken souls of years past spinning through the air, whispering their desperation into your exposed ears. You both place your left feet forward, followed by your right, leaving your prints among the rest. You shudder when the breeze slams the door shut behind you, but you do not look over your shoulder. Instead, you turn to your friend who stands beside you and look into each other. You see your reflection, clear in his pupils.

You are encompassed by white on
all sides. You look deeper and see
what has been seen, what has
been felt, what has been
trodden upon. You hastily
shift your gaze forward.
Side by side you stride
outwards, through
the arch, down the

under the canopy

existed long

Surely, they

path. However,
you are uncertain
whether you want
to listen, as you are
enthralled by what
may lay ahead in the
dark, boundless expanse. It
calls you, it entices you, it
grips you, it pulls you, it frightens
you. You notice your friend staring it
down too, and you know that life is not
yours to fight alone.

"Now this is the law of the jungle,
As old and as true as the sky,
And the wolf that shall keep it may prosper,
But the wolf that shall break it must die.

As the creeper that girdles the tree trunk,
The law runeth forward and back;
For the strength of the pack is the wolf,
And the strength of the wolf is the pack."

TO MY FAMILY : Thank you for helping me to grow into the person I am today. Your constant support and encouragement has helped me see that I can do anything I set my mind to. I love all so much.

TO MY TEACHERS : Thank you for constantly pushing me to challenge myself. With minimal crying along the way, you helped my to conquer things I never thought I could. Thank you for sticking with me through thick and thin, and teaching me that knowledge is the greatest power.

TO MY QUEENS : You are all such strong, independent, powerful women. It has been an honor to watch all of you mature into the fierce queens you are today. I am so confident that each and every one of you will be an incredible leader next year! #MDBD

TO 2018 : Thank you for everything. It's been an incredible experience growing up with all of you, and I truly couldn't have asked for a better family to love and support me. I can't wait to see where our new adventures take us. I love you all more than I could ever put into words.

The joy, love and laughter from my family and friends helped me get through these years at St. Andrew's. I'm so grateful for everyone who contributed a memory and lesson in my life. I'll never forget SAS and the growth I received from freshman year to now. Special Shout Out to my Mommy, Daddy and big sister, Shayna for both helping me keep my faith strong and supporting me through good and not so good times. I love y'all.

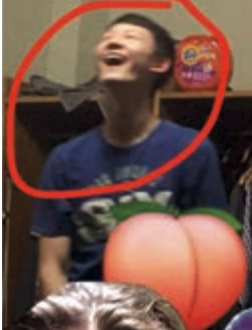

Yunhao Richard Forrest Zhang

No amount of words has enough capacity to express my feelings and appreciation for St. Andrew's and her people. This is the place where I have learned in classrooms, laughed and cried with my friends, sweated and bled on courts and fields, fallen and risen, challenged myself and been challenged. Most importantly, this is the place where I have LOVED. Thank you, St. Andrew's! You will always hold a special place in my heart...

Health Services Nurse Trish Carrico, School Controller Debbie McGaha, and Tech Project Manager Beth Crook (seen at left) visited Christiana Hospital in Newark, DE yesterday to

deliver 130 hats to its Neonatal Intensive Care Unit. All of the hats were crocheted or knitted by the SAS Threads of Hope group, for the American Heart Association's **Little Hats Big Hearts** campaign. Threads of Hope—which consists of nine St. Andrew's staff and one student, dedicated knitter Samir Arrington '18—also recently made 23 scarves, 13 hats, a blanket and donated these items to Code Purple homeless shelters in Smyrna, DE.

yay moss!

Eli- You're are the best little brother a kid could ever ask for. I love you beyond words. Remember that I am always just a phone call away. Keep up the good work at SAS.

Robbie- You're the peanut to my butter. The french to my fry... It is hard typing this because it is so difficult summing up our relationship in just a couple sentences. You are and always will be my best friend. The bond we have created over the past four years will never be broken and will be something I cherish every day. This is just the start to something great. You will always have a special place in my heart. I love you bruv.

Shridhar- You have always been someone who is willing to put down whatever your doing, no matter how important it is, just to talk to me. These late night talks are one of the things I will miss most about this school. You will always be my brother, Shrid. I love you. Evan- Thanks for taking me under you wing this past soccer season. Words cannot describe how much I appreciate you and our friendship. Thanks for everything.

Cooper- I always remember how lazy you really are. But seriously though, thanks for always making me laugh or putting a smile on my face when I am down. Love you bro.

Mac- Thanks for the talks, the unforgettable memones and the constants laughs. I can only imagine what the future has in store for us.

Graham- Thanks for putting up with all of my nonsense last year. You have done so much for me and I can't really find the words to explain it. Thanks for always talking to me when I need and and putting a smile on my face everyday. Love you buddy.

Baylen- I love you and you are still one of my best friends even though you date my sister.

Jarred- You are one of the funniest people I know. Thanks for always letting me talk to you during study hall. Love you little man.

Roger- The bond we have created over the past couple of months is the best thing I have done this year. You'll always be my grizzly bear. Love you man... and don't forget that freshman dorm will forever be lit.

Rick- I know we have been through a lot together, both good and bad, but thanks for always putting a smile on my face at the end of the day. I will always cherish our special bond.

Warrington- Thanks for being a great teammate and an even better friend.

Jelani- I am not sure if you ever will read this but you will always be my bro for life. The bond we created the minute you stepped into our room freshman year is one I'll remember till the day I die. You were always there for me, through thick and thin, and I can't thank you enough for that. Love you king Jaylo.

Gillian- Thanks for always putting up with me and listening to my nonsense during study hall. I don't think you know how much that really means to me.

Tina- The friendship we have built since the beginning of this year is something I am so glad actually happened. I don't know if you realize how much better of a person you have made me. Thank you for all the talks and laughs.

Alex- Thanks for always listening and putting up with me.

Noelle, Audrey and Mobes- My girlzzz. Nothing got better than the laughs we had together in stats this year. I am so happy our bond grew stronger this year. Love you guys!

Gabi- Your soccer managing skills went way under-appreciated this year. Thanks for the constant hugs and advice. It means so much to me.

Will Rob- Thanks for being such a great advisor over the past couple years. What you have done for me cannot be expressed in just a couple of words. Thank you for all of the advice and memories.

St. Andrew's School- Thank you for building me into the person I am today. I don't know where I would be without this place. Thank you for everything.

Thanks so much to everyone for making these years amazing. I really am a different person because of my time here. I have had so much time to do the things I love with people I love doing them with. Thank you, St. Andrews!

It is hard to believe that the happiest and saddest moments of my past 18 years all took place here at SAS amidst the endless cornfields. As I commence my journey onward, I will always remember the dreams that I've had when I looked at the stars in the night sky over the Noxontown Pond.
