As Seen Around Campus

We enjoyed our first Chapel service of the spring term on the Front Lawn this past Wednesday afternoon; you can watch the service and remarks from Head of School Tad Roach [here](#).

Lots of fun (and a few meetings) on the Front Lawn this week...

SAGE Dining Services set up an omelet bar for seniors to celebrate their first morning back on campus on Monday. And thanks to Facilities for making our enormous new dining tent possible!

Class of 2021 advisor Kristin Honsel snapped these photos (and many others seen in today's Friday News) while distributing candy and popcorn to seniors to enjoy during their Phase 1 movie night on Sunday.

Residents of K Dorm were happy to move back in on Tuesday!

Scenes from School Meeting (no recording available this week—please send complaints to Dean Robinson at wrobinson@standrews-de.org). What you need to know is that SWAG has a ton of fun stuff planned for this weekend, and school Co-President Jill Tora '21 (seen below at right in the first picture) has been selected as a Morehead-Cain Scholar at the University of North Carolina! Congrats, Jill!

These awesome VI Form girls, Associate Dean of Students Terrell Myers, and Dean of Student Life Will Robinson went for a hike in the woods on Tuesday and collected four

bags of trash that had blown from Summit Bridge Road, across the farm fields, and onto the trails.

For a fun Phase 1 activity, IV Form students teamed with their roommates to compete in an outdoor scavenger hunt. Students were asked locate and take a selfie at 16 specific locations around campus as fast as they could. Prizes for the top three finishing teams were a pizza party or DQ Blizzard delivery. First prize for the boys went to Scott Coneybeer '23 & Ike Lawrence '23; first prize for the girls went to Ellison Baker '23 & Bridget Schutt '23.

Many students' first stop after three months away from campus? The outdoor chess set of course. The second photo was snapped at 7:30 AM!

Josie Pitt '23 spread some love outside the Boat House during crew practice earlier this week.

Nick Oxnam '22 snapped this sunset photo outside the Field House after lacrosse practice. We've enjoyed beautiful weather this week!

We Leave You With This

The bio lab is now home to eight newly hatched chicks! Students will help raise and tend them, and ultimately fetch eggs from their future coop behind Noxon House.

We can't wait to see you, Class of 2024!
