Dear St. Andrews,

Thank you for shaping me into the person I am today. St. Andrews will forever hold a special place deep within my heart.

To My Family - Thank you for helping me grow into the person I am today. I am infinitely grateful for the many opportunities that you have given me. Your constant support and encouragement has meant so much to me. I love you all so much!

Wade & James - You both have completely changed my life and made me the person I am today. The three years rooming with you fools has been an absolute blast. From waking up to 'Ocean Man' or the late night yelling as we fight for every last goal in rocket league, every single day in our room has been a unique and exciting adventure. Not only was our room filled with overflowing energy, but it was also a place where thoughtful, genuine, and deep conversations were of a regular occurrence. Put simply, the life and energy that existed between the three of us and our room is something that I will forever hold dear.

Katerina - You have been one of my very best friends since day one. I honestly don't think I would be the person I am today without having had you in my life. Put simply, you are as good as a friend can be. Thank you for literally everything.

Chloe - Thank you for being such an incredible procrastination (study) buddy! lol... It has been quite an incredible journey... Thank you for always being there for me throughout everything! I will definitely miss all of the time we shared together! Thank you for so so much!

Kwashie - You are one of the most genuine, thoughtful, and kind individuals that I have ever had the pleasure of knowing... Keep on living it up in Kwashie town :)

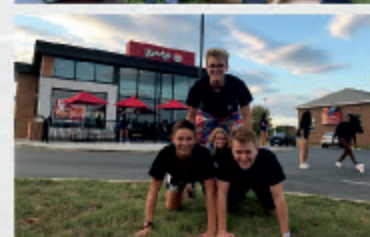

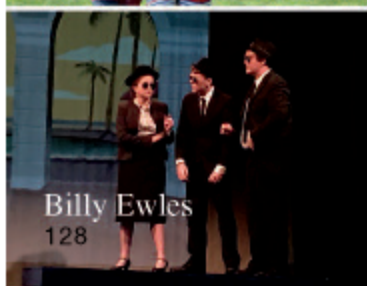

Jeffrey & Owen - What an incredible adventure it has been... I don't know who I would be today if it wasn't for all of the moments that we have had together.

ST, AD, BC, DF, PG, EM, DS, BS, AM, EP, PM, IH, CS, LF, AS, TD, GM, BT, AR - You guys have been incredible friends throughout the years! Thank you for everything!

The Honsels - You both mean so so so much to me. You have been like parents to me, always guiding me and supporting me in so many ways. Thank you for literally everything. St. Andrews wouldn't be the same without you.

Mr. Robinson, Sra. Ramirez, Mr. Roach, Mr. Olana, Mr. Speers, Mr. Kemer, Mr. Kunen - Thank you for being some of the best teachers and mentors I could ever ask for. You all mean so much to me!

Love,
Billy Ewles

To my brothers:

I never imagined when I came to boarding I would have friends like you two. Billy: you are the most passionate person I have ever met, and your commitment to this school and everyone in it is unquestionable. I feel so lucky to know you will always have my back. James: We've been through so much I can't even begin to remember it all, and I don't know if I necessarily want to. Your creativity and sense of humor has made these past 4 years seem like a movie. I couldn't have asked for a better best friend.

2018-2019 Schmolze:

You boys have given me some of the greatest memories of my life. This group has made it all worth it, and I know we'll never lose our energy for one another. Love y'all.

To my Little Bro:

Benjamin: You have no idea how lucky you are right now to have 3 more incredible years ahead of you. Don't let a second go to waste, and I know you'll surpass me in every way.

To the Wrestlers:

The impact this team has had on me has turned me into the person I am today. I am so thankful for every practice where we pushed each other and were pushed by the coaches to our limits, because now I know I can always make it through the fire. Each one of you has made this year so special for me, and I can't wait to hear about all your achievements in the years to come. Griffin up!

To my Adviser:

Mr Kunen, having you as an adviser has given me so much stability and comfort while at SAS. Your wisdom is quite literally beyond anyone I've ever known, and the advice you have given me through the years has taught me how to be a more compassionate, self-aware, kind, and confident human being. I could not be more grateful for the time and energy you have put into me and the advisory and I know I will always be able to count on you to support me.

Dear St. Andrew's,

To all the late night talks with my best friends, flipped canoes, Starbucks runs, backstage costume changes, sunrises, all nighters, M dorm functions, brush and washes, front lawn jam sessions, carol shouts, square dances, frosty runs, swim team locker room dance parties, photoshoots, free days, work days, open mic nights, snowball fights, mirror selfies, and all the other good times, thank you. No amount of words are enough to capture my gratitude and appreciation for the people I have met and the countless memories we have shared over the past 4 years. This is the place where I grew up, laughed, cried, fell, and got back on my feet. I would not be the person I am today without this incredible place. St. Andrew's will always be my second home and hold a special place in my heart.

If quantity were to define my time at St. Andrew's, SAS would mean 1,200 hours of class, 220 sports games, 50 omelet stations, and miraculously 1 play. Yet here, logic and numbers do not suffice. They cannot describe the wildness of my pond circumnavigation, the thoughtfulness, vulnerability, and joy of many late night ramen parties, or the power surge of volleyball celebrations. St. Andrews has taught me how to express, communicate, and experience in new and formational ways. To everyone who has been a presence along the way, thank you; you've made the difference. Now, in the words of Hutch, let the service begin.

LOTS OF LOVE ♥

During my four years here at St. Andrew's, there are many things I regret that I haven't done but there are certainly things that I cherish: walking to Starbucks at 6:30am and watching the sunrise, advisory functions, mid-night talks, frosty run, carol-shouts and many others. I was able to grow to be a better self by learning to forgive and empathize. I am thankful to all the people that I have met along the way. Thank you for making my life special.
